Subject: Comments on FAR package for Subpart W proposed rule

---

Reid,

Attached please find my comments on the proposed Subpart W rule. Although these comments are extensive, they are mostly editorial in nature and I hope you will find them manageable and helpful toward the end of developing a stronger rule. I've tried to provide specific wording suggestions wherever possible. Overall, I do think this is a sound proposal and look forward to working with you to move it forward.

Please let me know if you have any questions. I'd be happy to discuss.

Barry
